(1) Same store sales represent either system-wide "S" or company only "C". \$1B+ segment averages weighted by total chain system-wide sales.

(2) Reflects an estimate for annual same store sales based on an average of the four calendar quarters during the period.

(3) Represents the change in average annual sales volume per unit, as concept does not report same store sales.

(4) Same store sales results reflect both U.S. and Canada for Papa John's & Wendy's.

(5) Blue highlighted results are RR estimates.
